SUBCHAPTER II
PUBLIC HEALTH AND SAFETY

9.21 False Alarms. (1) LEGISLATIVE FINDINGS, PURPOSE.

(a) The County Board of Supervisors finds that alarm devices, as hereafter defined, serve a useful function; but that some such devices are prone to generating false alarms and that such false alarms undermine the value of alarms generally, reduce the level of law enforcement at times, and expose both law enforcement officers and the general public to unnecessary risks because of the response that must be made to such alarms.

(b) The purpose of this chapter is to reduce the number of false alarms by: eliminating automatic telephone alarm devices preprogrammed to telephone county emergency numbers and by imposing penalties upon the owners of alarm devices that repeatedly generate false alarms.

(2) **AUTHORITY.** This ordinance is enacted under the authority of Section 59.54(22) and 941.13, Wis. Stats.

the alarm user. In order to lift the suspension, the alarm user shall submit written confirmation to the Sheriff or designee that the alarm system has been inspected and repaired, if necessary, and/or additional measures have been taken to reduce the number of false alarms at that location. If the Sheriff or designee determines that the actions taken are likely to prevent the occurrence of additional false alarms, the Sheriff's Office shall lift the suspension.
